Summer for a crowd of boys and girls, including 36 Mercury Fresh Air Funders, will begin officially this morning with the opening of the Pottstown Community camp, sponsored by the Spicer Employees' Aid association. In a last-minute check to see that nothing is lacking, John Shaner, chairman of the camp committee (left), and Curtis

Miller, co-chairman of the publicity committee (center), watch as H. Roden Welker, camp director, arranges one of the beds in the dispensary. Their tour of inspection included the safety features of the waterfront area along the Manatoway where the campers at the Earlville site will go swimming and boating under the supervision of

trained counselors. The huge craft lodge will be one of the busiest places in camp for most of the boys and girls. A converted barn, the lodge is equipped with hand and power tools with which campers will make various articles of handicraft for themselves and for the camp. Finally, Shaner and Miller wound up their inspection in the clean,

newly-equipped dining hall. It is heavily stocked in preparation for this morning's influx of campers, who can expect chicken and steaks on the menu. The hall was screened in completely by members of the Aid association working at the camp during their spare time. They will meet at the Salvation Army canteen today to provide transportation for the Fresh Air Fund children attending during the first period.

### SOUTH KINDLES SPARK IN BOOM FOR EISENHOWER

Georgia and Virginia Instruct Delegates to Vote For Nomination of 'Ike'

By The Associated Press

Democratic conventions in two Southern states threw a total of 54 national convention votes to Gen. Dwight D. Eisenhower yesterday.

The two actions were the most positive to date in a revived movement to draft General Ike for the party's presidential nomination and "ditch" President Truman. The general was standing silent on his January declaration that he can't accept a nomination.

Georgia Democrats unanimously instructed their 28 delegates to do all they can to make Eisenhower the standard-bearer.

The Virginia convention told its 26 delegates only a few hours later to work for Eisenhower's nomination and against the naming of anyone proposing a Federal civil rights program. Mr. Truman has proposed one, touching off a Southern Democratic revolt against him.

GEORGIA AND VIRGINIA were the last two states to pick delegates to the convention, which begins at Philadelphia, July 12.

Of the 1234 delegates now chosen, 286 are pledged or instructed to vote for Mr. Truman, another 390 are claimed for the President and 414 are uncommitted.

Of the remainder, 54 now are instructed for Eisenhower, 58 1/2 for anti-Truman but not committed elsewhere, 20 are pledged to Governor Thurmond of South Carolina and 11 1/2 are pledged to Governor Wright of Mississippi.

President Truman's supporters say he is assured of many more than the 618 votes needed for the nomination. But those out (Continued on Page Seven)

### Water Rate Changes For Big Users Aired

Members of borough council's water committee last night discussed possible rate changes for specialized types of water service.

Rates for automatic sprinklers in industrial and commercial buildings, and for hydrants in South Pottstown and West Pottsgrove came up for discussion.

No action was taken, however, on a possible increase in the charges for water.

The group also formally approved three contracts for water main and sewer line work in the borough during the summer.

Approved were Irvin T. Stout, 548 Spruce street; Nicola Dimmocoia, of Royersford, and Richard Jafolla, of Boyertown.

At last night's meeting in borough hall were the committee chairman, J. Max Creswell, members J. Wayne Knause and Gerald J. Daly, and Borough Manager Dow I. Sears.

### Western Allies Map Strategy In Berlin Crisis

By JOHN M. HIGHTOWER

WASHINGTON, July 2 (P)—Secretary of State Marshall disclosed today the western Allies' joint strategy in the Berlin crisis is being worked out in consultation with Republican leaders in Congress.

Marshall, back from a 10-day hospital check-up, said the State department has been in close touch with Britain and France on measures to cope with the Soviet blockade—and with Senator Vandenberg (R-Mich.) and Rep. Eaton (R-N.J.) as well.

What action is decided on will come to light in due course, he said, but a new conference of the three-power approach to Moscow is under consideration.

Britain's Foreign Secretary, Bevin, has said.

Eaton, chairman of the House foreign affairs committee, confirmed that he and Senator Vandenberg, chairman of the Senate foreign relations committee, have been consulted at every step of the development of U.S. policy in Berlin.

"I AM IN absolute accord with Secretary Marshall's position," Eaton said. "We propose to stay in Berlin. Period."

### Jury Finds Student Guilty in Slaying Of Minister's Wife

ELKO, Nev., July 2 (P)—László Varga, a 19-year-old former Hungarian divinity student was convicted of first degree murder tonight in the rape-slaying of a young minister's wife.

Varga received the verdict from the all-male jury with a faked smile. He shook hands with his attorney and then swaggered from the court with his guards.

The verdict carries a mandatory death sentence. In addition, the jurors, mostly cattlemen, specifically recommended that Varga be sentenced to death in the Nevada gas chamber. The jury deliberated less than an hour.

District Judge Taylor H. Wines set July 7 for passing judgment.

Varga was convicted of the slaying the past March 22 of Mrs. Billie Rahe Morning, 22, wife of the Presbyterian minister at Wells, Nev.

Mrs. Morning's teeth-marked body was found trussed to her bed when her young husband returned from a preaching call about midnight. She had been strangled with an electric cord, suffocated by a gag in her mouth and bludgeoned to death with a rolling pin, according to medical testimony at the trial.

The youth pleaded innocent by reason of insanity. Nevada law does not provide for such a plea, but it was not contested during the trial.

### Woman Suffers Injuries To Both Ankles in Fall

Mrs. Anna Holloway, 59, of 351 North Washington street, suffered a possible fracture of both ankles as a result of a fall last night.

She was admitted to Pottstown hospital at 6:30 o'clock for treatment.

Details of the accident were not immediately available.

### Pottstonians Searching for Homes Turn to Pastors, Salvation Army

By ED ROSENBERG (Mercury Staff Writer)

Where do people turn when they have no place to live? To the Salvation Army, often, and to their churches.

Capt. Meral Cox, in charge of Pottstown's "Salvation Army headquarters," is called upon almost daily by some family that needs a decent roof overhead.

"I've had three calls just this week," he said. "People come to the Salvation Army when they

are threatened with eviction. Generally, they don't go out on the street but double up on someone else. Of course, that makes it tough on both families."

When eviction threatens, Cox sometimes can obtain an extension of a few days to give the worried family a last-minute chance to find a place—sometimes a tent or a chicken coop—to rest before the treadmill of house-hunting goes on.

"I DON'T KNOW what all these people do," Cox said. "They can't afford to buy high-priced homes,

and there aren't any low rental houses anywhere. We can usually manage to keep them off the street, but the kind of living conditions they're in when a couple of families have to double up in a few rooms is really bad."

The Rev. A. Burtis Hallock Jr., pastor of the First Presbyterian church, told one of the results of the post war doubling up in small homes and apartments.

"Since the war I've seen many young married couples divorced or come close to breaking up be-

### 'Travel Bug' Victims Plan Extensive Tour

By HARRY TOLAND (Mercury Staff Writer)

A Pottstown couple will head into the setting sun Wednesday on a trip that may take them anywhere on the North American continent for an indefinite time.

A passion to see new places, cure their sinus conditions, work at new jobs and gather material for a magazine article, is driving them West.

Mr. and Mrs. Edward W. Kummerer, 612 Walnut street, and their three-year-old son, Neil, are making the trip by trailer. First pause on the itinerary will be Yellowstone National park.

"Some people build homes when they are young. They say they will travel when they are older. But then when they are older they can't enjoy traveling. We promised ourselves we would travel while we still can enjoy it," said Mrs. Kummerer.

Also, of course, the Kummerers are pushed by the same urge which pursues the caribou on his peregrinations of the gypsie in his (Continued on Page Seven)

### NO END IS SEEN TO ROAD FIGHT

Meeting of Supervisors Called Off; Work Starts On East Nantmeal Strip

An indefinite continuance of a road war in East Nantmeal township was eminent last night with the postponement of a supervisor's meeting, which might have resulted in a settlement satisfactory to the score of irate citizens involved.

Meanwhile, there was indication that work had already been started to re-surface the short strip of road which has aroused the ire of 18 township residents.

The session was temporarily shelved due to the absence of Ira Wilson, one of the supervisors. The other two board members, Luther Kulp and Russell Comstock, along with W. J. Bassett, "West" Chester, township engineer for the State Highway department, waited for Wilson's arrival until 10 p. m.

Decision to abandon the meeting for the time being came after (Continued on Page Seven)

### Dad's Wish Comes True as Youth Leaves for Study at West Point

A father's dream, a dozen years in the building, was realized yesterday when his son, Robert L. Russell, 618 Willow street, left for the United States Military academy, West Point, N. Y.

When Robert was a shy boy of five, his father, Raymond Russell, determined then that one day his son would go to some kind of military academy to rid him of his shyness.

In later years, Robert lost much of his childhood bashfulness and became a well-known athlete at Pottstown Senior High school.

After the youth's graduation from high school in 1947, the father stacked all his eggs in one basket and sent Robert to Stanton Preparatory academy, Cornwall, N. Y.

THE ACADEMY trains boys only for entrance examinations to West Point. It would have been a total waste of time if Robert had failed the exams.

He took the examinations after a year in Stanton and waited.

On Wednesday he got a letter which threw the family deep into discouragement. It told him he could not be admitted to the military academy because no vacancies existed.

But Thursday, as he was pre-

### DOEHLER UNION GETS OFFER OF 12-CENT BOOST

Wage Increase Included In Contract to Be Put Before Membership Vote

A proposed new contract, adopting the "cost-of-living" system, initiated the past month by General Motors corporation, will be voted upon Wednesday by the 1600 union workers at the Pottstown plant of the Doehler-Jarvis corporation.

This announcement was made late last night by Gustav H. Schade, president of Local 10, International Union of Mine, Mill and Smelter workers (IOMMS), upon his return from the New York City negotiations between the workers and management of the four Doehler plants.

Central figure of the proposed two-year contract is a 12-cent-an-hour wage increase, retroactive to the past May 3 and applicable to all union members, Schade asserted.

SIX CENTS of the increase is a "general increase," Schade explained, while the remainder is a boost based on the rising cost of living.

The General Motors plan called for a five-cent cost of living boost. The extra cent was given Doehler workers, because the Bureau of Labor Statistics index, which sets the cost of living mark, has risen a cent in the past month.

Every three months, the cost of living will be reviewed on the basis of BLS figures, Schade said. He expected that workers would get an extra cent beginning in September.

And every year, he added, workers will get a three-cent increase, apart from the living costs. This is (Continued on Page Seven)

### Over-Charged Fence Electrocutes Cows

Two Holstein cows were electrocuted on the farm of Carl W. Swenson, Boyertown RD. 2, yesterday morning when they made contact with an electrified fence.

The cows were part of a 19-cow herd which had just been released from the barn.

Normally, the fence carried a charge only heavy enough to shock the cows slightly, keeping them within the enclosure and out of danger. Yesterday, however, it believed a mechanical failure over-charged the fence.

Both cows were bloated by the shock, indicating it was sufficiently strong to burst their blood vessels. Although Swenson stuck them almost at once, a Conshohocken buyer said the meat would be good only for dog food.

The loss of the cows, although great, enabled the Swensons to cut the fence circuit before any of their children were injured.

### 4 Vacationists Hurt In Route 422 Crash; Woman Driver Held

Four vacation-bound Philadelphians were injured, one of them critically, in a spectacular crash of two new convertible coupes on Route 422, two miles east of Limerick, last night as highway traffic moved into a holiday tempo.

The Philadelphia youths were en route to California on a two-week vacation trip by way of Oklahoma.

The driver of the other car, Mrs. Lorraine Frazier, 36, who lives in a tourist cabin a few dozen yards from the crash scene, was held on a drunken driving charge. She escaped injury.

She was committed to Montgomery County prison to await a hearing this afternoon by Justice of the Peace Arthur H. Sagebeer, Limerick, who lives at the intersection of Route 422 and Township Line road, where the accident happened.

A passenger in the other car, George F. Riley, 25, was in fair condition early this morning in Memorial hospital. He sustained severe head and back injuries and was bleeding heavily internally.

MRS. FRAZIER was not in a condition to describe what happened. But the youths in the other car gave this account of the collision:

They were driving west on the highway, an hour after they had left Philadelphia. As they neared the intersection, the driver, Floyd Nellett, 25, saw the oncoming Frazier car stop in the center of the highway. Nellett jammed on the brakes, leaving a 20-foot trail of tire marks on the roadway.

As they drew almost even with the front of the Frazier car, they said, she suddenly made a left turn, directly into (Continued on Page Seven)

### Legion Post Election Spotlights Race for Vice Commanders

The election of William Yohn, running unopposed as commander of George A. Amole Post 47, American Legion, was overshadowed last night by close struggles for two vice commandership positions, which were still unsettled early this morning.

Yohn moved up from first vice commander in the post's traditional style. He succeeds William A. O'Donnell Jr. Both men are veterans of World War II.

The battle for senior vice commander was between Leonard Rachild, retiring junior vice commander, and Robert Breidenbach, non-officer challenger to the traditional policy of succession.

The close contest for the junior commandship is between Joseph Kelley and Linford Richards.

The ballot-counting was concentrated early this morning on the (Continued on Page Seven)

SOMERSET, July 3 (Saturday) (P)—Nearly 500 volunteers combed a densely wooded section today for a 23-month-old boy who wandered away from his parents' mountain cottage.

# British Demand Russians End Berlin Block, Open Rail Traffic

May Be Used as 'Flying Coal Cars'

Four C47 transport planes are shown in Germany as they prepare to take off on a flight to Berlin with food. The planes are being loaded with foodstuffs. Allied experts announced yesterday that if the Russian blockade of the German capital continues, the planes may be used to fly in desperately needed coal.

## COAL WALKOUT IS HINTED AT CAPTIVE MINES

Steel Companies Balk At Signing Contract Adopted by Industry

WASHINGTON, July 2 (P)—A new coal strike threat arose today. It involves 30,000 to 40,000 workers in the so-called "captive" mines owned by steel companies. They are members of John L. Lewis' United Mine Workers, whose 400,000 members struck earlier this year.

The trouble came to a head today when 18 steel and coal companies refused to sign the new contract agreed to by a majority of the coal industry. The non-signing companies asked the National Labor Relations board to find the union guilty of unfair labor practices.

All the miners now are taking their annual vacation. They are due back at work next Tuesday, but Lewis' union newspaper has hinted broadly that the employees of the captive mines won't work unless the new contract has been signed by them.

(A captive mine produces coal used exclusively by the industry which owns it.)

THE NEW CONTRACT which Lewis negotiated with the majority of the industry became effective yesterday. Among its major provisions are a \$1 a day increase for the miners, and a doubling of the miners' welfare and pension fund royalty to 20 cents a ton of coal mined.

What the 18 steel and coal companies officially balked at was a provision for a union shop. That is an arrangement under which all the miners must join the union within a specified time.

The steel company lawyers point out that the Taft-Hartley labor law permits a union shop only if a majority of the workers vote for it in an election supervised by the National Labor Relations board. No such election has been held by the UMW. The law says the NLRB can hold such an election only if the officers of the union have given their oath they are not Communists.

## Government Records Surplus of 8 Billion

WASHINGTON, July 2 (P)—The government took in \$8,419,469,843 more than it spent in the fiscal year ending June 30.

Secretary of the Treasury Snyder announced the surplus today. It is almost a billion dollars higher than President Truman predicted and it is the biggest in history.

Even allowing for the \$3,000,000,000 "set aside" by Congress to meet future needs for the European recovery program, the budget dwarfs the previous record. That was \$1,155,000,000 laid away 21 years ago when Calvin Coolidge was president. The new budget surplus provided another grounds for argument between the Republican Congress and the Truman administration.

## Yugoslavs Rap Albania For 'Offensive' Actions

LONDON, July 2 (AP)—Yugoslavia sent three sharp notes to Albania today and in one accused Albania of "gross and offensive acts aimed at destroying the prestige of Yugoslavia."

In the other notes, as reported by Tanjug, the Yugoslav news agency, Marshal Tito's government protested against two specific developments:

1. That Albania had ordered the cancellation of all exports to Yugoslavia until further notice.
  2. That Albania had stopped construction on two railway lines to the Yugoslav frontier.
- A Belgrade radio broadcast picked up in London by Tanjug said the Yugoslav government told Albania that Yugoslavia cannot hold itself responsible "for the consequences which might result" if the offensive acts are repeated.

The notes, presented to the Albanian embassy in Belgrade today, reminded Albania sharply of her economic dependence on Yugoslavia.

THEY EXPANDED on the first Yugoslav charges against her neighbor Communist state which were voiced yesterday when Albania had supported the Russian-led Cominform in its criticism of Tito's leadership in the Yugoslav Communist party.

One note complained that Albania had banned the Yugoslav Communist newspaper, Borba, closed down a Yugoslav bookshop in Tirana, capital of Albania, and removed Tito's pictures from Albanian buildings.

## Welcome Mats Ready For Two Presidents

BOLIVAR, Mo., July 2 (P)—Bolivar rushed through a state of "orderly confusion" today as it completed preparations for the day its 3000 residents expect to be the biggest in its 112-year history.

Next Monday the community will be host to President Truman and President Romulo Gallagos of Venezuela as the latter presents to the United States a \$100,000 statue of Simon Bolivar, for whom the city was named.

The Pan-American friendship gesture will climax a three-day program beginning tomorrow.

## 65 Million Loan To U. N. Wins Dewey Support

ALBANY, N. Y., July 2 (P)—Governor Thomas E. Dewey today extended full support to the proposed \$65,000,000 United States loan to the United Nations for construction of a U. N. headquarters in New York City.

The Republican presidential nominee, in a statement, said he hoped and believed the loan would be "carried off." He noted that the United States "has committed itself to advance" the necessary funds.

The loan authorization was approved by the Senate in the last session but was lapsed to an omnibus bill in the House and died.

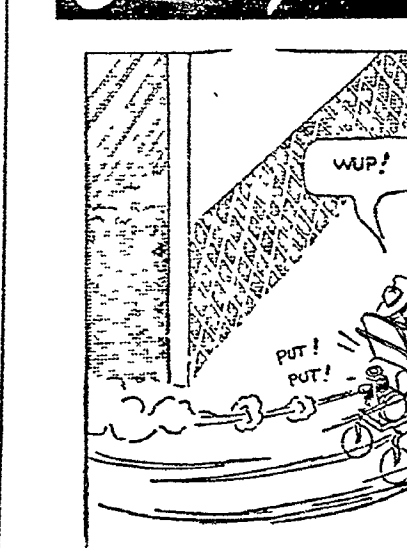

Failure of the House to approve the authorization in the closing adjournment rush inspired reports that Russia and her satellites might attempt to seek removal of U. N.

BERLIN, Saturday, July 3 (P)—The British military governor early today called on the Russians to open the highway to blockaded Berlin at once and name a date on which rail traffic can be restored.

In a letter to Marshal Vassily D. Sokolovsky, the Soviet commander in Germany, Gen. Sir Brian Robertson said he was ready to meet with the Russian official immediately "to discuss times and methods of reopening communications."

As Robertson dispatched his letter, the black, rainy sky (after the expanding Anglo-American effort to feed 2,500,000 inhabitants of Western Berlin by air.

The British commander's letter was in reply to a communication from Sokolovsky earlier this week in which the Russian commander held forth a hope of completing "technical repairs" on the Helmstedt-Berlin rail line before the City's food supply ran out.

ROBERTSON SAID THE Russians would have "no cause to fear your currency will be exposed to any risk" by keeping the highway at Helmstedt closed.

That was the reason given by the Russians for closing the road two weeks ago when a western power currency reform was decreed for Western Germany.

Robertson also complained that barge traffic up the Elbe river to Berlin "is not proceeding smoothly." He asked Sokolovsky to look into the matter and "give me an assurance that this important traffic will not be impeded."

The British military governor also renewed his offer to discuss the use of a single currency in Berlin under four-power control. The western powers brought in the new mark now in use in Western Germany after the Russians gave Berliners living in the eastern sector of the city new Soviet zone money.

Experts dealing with the U.S.-British airlift operation said last night "flying coal cars" may soon join the streams of food-carrying transport planes now winging into Berlin on an around-the-clock basis.

William H. Draper, U.S. under-secretary for the Army, said last night he expected American planes soon would be bringing coal into Western Berlin. The Russians have stopped shipments of industrial coal into the city in addition to their food blockade.

## Police Seek Maniac After Woman Raped, Beaten to Death

TULSA, Okla., July 2 (P)—An attractive 42-year-old brunette divorcee was found viciously bludgeoned to death in her apartment today only a few hours after another woman and two teen-age girls were severely injured by a clubbing in another residence less than five blocks away.

Police theorized both attacks were committed by the same person, possibly a sadistic window-peeper.

The slain woman was Mrs. Ruth Morton, elevator operator in a downtown bank building. She had been struck repeatedly by a heavy instrument that wore great gashes in her head.

HER BODY, NUDE from the waist down, was found on the blood-soaked bed of her apartment where she lived alone. It was discovered by a woman distributing telephone directories while officers were investigating an attack on Mrs. J. B. Cole, 38; her daughter, Doris, 13, and the latter's chum, Leona Gahbard, 14.

A police pathologist first said Mrs. Norton had not been criminally assaulted but later reported she had been. Officers said there was no indication the other victims had been similarly attacked.

The two attacks took place in the same neighborhood where unsolved killings of three other women have occurred within the past six years.

Detective Claude Davis said the instrument used in killing Mrs. Norton appeared to have been similar to that used to beat to death two of the women in the other cases.

## Bernadotte to Discuss Peace With Top Arabs

RHODES, July 2 (P)—U. N. Mediator Count Folke Bernadotte said today Arab leaders "are prepared to talk with me" on his suggestions for Palestine peace and that he is flying to Cairo tomorrow to get their views.

Authoritative Arab sources in Cairo have been quoted as saying the Arabs would reject the Count's proposals on the grounds they are based on recognition of a Jewish state.

The Count said he has received no official reaction to his proposals as yet, with the four-week Palestine truce due to expire just a week from today. He said, however, he would get the Arab and Jewish replies before the truce period ends.

He replied, "I have made no requests" when asked if he had sought an extension of the truce. "Before I ask I must hear the replies to my suggestions."

QUESTIONED AS TO what he would do if the truce ends and war again breaks out, he said, "I won't sit here and listen to guns in Palestine."

Just back from a trip to Jerusalem, the mediator said it had been decided to demilitarize the Mount Scopus area on which are situated the Hebrew university and American-supported Hadassah hospitals. The two institutions were shelled by Arabs repeatedly during the Arab legion attack on the Old City of Jerusalem. A band of armed Jews held the Scopus area at the rear of the Arabs throughout the fighting.

The German Hospice also will be demilitarized, Bernadotte said. Jewish policemen will be responsible for the Mount Scopus area, and Arab policemen

for the German Hospice. Both police forces will be under U.N. direction.

Count Bernadotte said he hoped to settle the question of returning the Jerusalem water supply in two or three days.

The city's water was cut by the Arab siege, and has not yet been restored. Most of Jerusalem's homes and buildings have auxiliary tanks and cisterns, Bernadotte said, and the question was how much of this storage space should be refilled during the truce.

Bernadotte's suggestions for a Palestine peace have not been published officially. The Cairo newspaper Al Misri said yesterday it included giving the Arab part of Palestine to Trans-Jordan.

## Leaves of Absence Asked for Reservists

WASHINGTON, July 2 (P)—The Army today asked business men to give their employees leaves of absence for military training or active duty with reserve organizations.

The first of 30,000 Marine reservists will begin their second annual Summer field training tomorrow, and Summer training of reserves of other branches of service will follow.

Brig. Gen. Wendell Westover, chief of the Army's reserve affairs bureau, said American employers can help the defense program by assuring workers their jobs will be waiting when they return from duty.

The leaves of absence, he explained, would range from two weeks to 90 days.

### Be Alive on the Fifth

MANY happy returns of the day! Every Pottsonian joins in extending birthday greetings to his country as it celebrates its 172nd anniversary on the Fourth of July. And wishing many happy returns of the day is one way to express that sentiment.

We would like to extend the same greeting to the Fourth of July celebrants themselves, and wish that all of them have a happy—and safe—return from their holiday celebration. Unfortunately, they will not.

As the fresh page of July turns up on the calendar, The Mercury can predict with grim certainty that 8000 persons will be killed by accidents during the month. Thousands more will be injured, some of them disabled for life. Many of these deaths and maimings will occur during that annual jamboree of carelessness—the glorious Fourth.

The tragic fact is that this carnage need not happen. Accidents are not acts of God; they are acts of men and women and children who foolishly bet their lives for dubious rewards.

The driver who speeds to get to his destination before dark—what does it matter whether he arrives 10 or 20 minutes later?

The youth who attempts to swim across the lake—what is gained by trying to show off in front of a crowd?

The father who refuses to deny his children the "pleasure" of fireworks—what pleasure will the child derive from sightless eyes?

These people and the remainder of the 8000 marked for accidental death in July are not a strange and nameless breed. They may be the people in your church, in your office, in your block—one may even be you!

If you are an ostrich-like person who buries his mind in the bromide, "Oh, an accident won't happen to me."

It has been said that accidents are no respecter of persons. But there is one person who is respected by accidents. He is the man who thinks before he acts, who never takes a chance just for the fleeting thrill of risking his neck, who conducts himself with courtesy and consideration at the wheel of a car.

He will make sure that he and his family will have a happy return by exerting a little extra caution to meet the extra hazards during the holiday. He will be under no illusions that he is immune from accidents.

He will remember that to be safe on the Fourth is to BE ALIVE ON THE FIFTH!

### The Hope Cure

WE SPEAK of "faith cures," but there is also the hope cure. It is quite as potent, though a different thing. The constant outstanding need of the world is hope. The one great sustenance of the soul is hope. Without it we might as well be sheep or cattle who nourish a blind life within the brain. For hope is light!

Whatever else, then, you do under the whip of depression and melancholy, don't give up hope, for while there is hope there is life. In this take a hint from the medical practice. Doctors will tell you that encouragement of the patient and of the family is a large part of diagnosis and cure. Doctors never say die.

If that procedure is justified in material medicine, how much more vital it is to those who suffer mental and psychic maladies: Depression of spirit can never quite take us to the wall as long as this little candle of hope burns on, however dim and fitful its flame.

But some will say, "Yes, but you just don't know what I am up against. Look at my life and tell me what there is to hope for." True enough, you may have had a particularly hard time and the outlook may be dark. But so have gardens in winter.

Nevertheless, there's a germ in the seed which no winter can kill, and a pull in the sun that no frost can withstand. And so with the winter of our discontent. There has never been a night so black that it did not end in dawn. Nor a war that did not exhaust itself at last in peace. Nor a beaten human being who did not have within himself the power of a courageous comeback.

The dreadfully handicapped Helen Keller once exclaimed, "Oh, the unexpected joys that meet us just around the corner of life." Yes, they meet us if we expect them.

Editor, The Mercury,  
 Dear Sir 'n' Brother:

Wal, I see that the Fourth of July editorials are listing the various headaches of modern motoring. Wonder if they include that Springfield, Mass., traffic cop who, in the past year, issued 30,000 parking violation tickets.

Unmarried men of County Roscommon, Ireland, have formed a bachelors' club, setting prices—from \$400 to \$900—they expect from prospective brides. Sounds like a sort of reverse alimony—payable in advance.

And say: So little is scheduled for the Fourth of July in this neck of the woods that neighbors think it will be as quiet as Philadelphia between political conventions!

### Parents Can Help Out; Dearth of Housing Ideas

Letters must not be more than 250 words long, of current topics and must not involve personalities. Writers must sign their names and give street address for return of proof but these will be withheld from publication on request. It is a criminal offense to sign another person's name. Poetry, and communications advocating the election of political candidates are not acceptable.

### Matter of Safety Education

To the Editor: Parents should take a hand in helping to educate their children in safety rules for bicycle riding. Education, like charity, should begin at home to help prevent some of the accidents which have been occurring lately. Just the other day at the intersection of Beech and Franklin streets, I saw two youngsters riding double on a bike. As they reached the crossing, Motor Patrolman Earl Rhoads drove up and stopped them. He warned the children they were violating the law and told them they could be arrested under the borough ordinance.

Since it was the first time he saw them, he let them go with the warning. No sooner had the patrol car moved out of sight, however, when the two boys jumped back on the bike.

Rhoads was doing his job and giving the kids a break at the same time, but they disregarded him. Parents should take a hand in cases like this and teach their children to observe the law.

It would be no one's fault but their own if these two children had been hurt.

### Our Lethargic Councilmen

To the Editor: Your interviews with our councilmen have been most instructive and enlightening.

I was especially interested in a few of their ideas, like—let's not build any homes at all because they're too expensive—and—public housing is all right if the taxpayers don't have to pay for it.

Now, for some of these wealthy businessmen who wedge their well-filled bellies behind a councilmanic desk once a month and try to look like statesmen, I have a suggestion.

Put them and their families in some of the shacks called "bomes" in this town. Make them live there about six months, preferably with their in-laws, and reduce their income to just enough to keep them alive.

If some of these well-bred aristocrats with their homes in the country and at the seashore would try living like about half the people around here do, they'd damned soon snap out of their political lethargy and selfishness and find a way to build low-rental homes.

### Argument for Super Sonic

To the Editor: Maybe it is merely coincidental but it is interesting that the invention of an airplane that can go faster than sound came just before the two national party conventions. It's one way to get away from nominating and seconding speeches. In 1952 flyers needn't bother about "The Man Who."

## FOR THE LIVING OF THESE DAYS

By  
**VICTOR F. PATTERSON**  
 General Secretary Y. M. C. A.

REPENT YE THEREFORE AND BE CONVERTED, THAT YOUR SINS MAY BE BLOTTED OUT, WHEN THE TIMES OF REFRESHING SHALL COME FROM THE PRESENCE OF THE LORD.

Acts 3:19

YOU ARE ACTING AS THOUGH THE BUSINESS OF MAKING A LIVING IS SEPARATE FROM THE BUSINESS OF SAVING YOUR SOUL WHEN YOU:

Daily try to hold your own little citadel of purely selfish concern.

Allow the fires of the church and christian institutions to be banked in these critical times.

Are satisfied with yourself and your spiritual progress.

Withouthold your total life from God.

As a church member you sit by and criticize those on the outside.

Cannot impart your faith to other people.

Are self-willed and have a selfish desire to have life on your own terms.

While calling yourself christian still act just like everybody else six days a week.

Cannot give a good account of the faith that is in you, telling others how you "got that way."

Do not realize that most of us are responsible for the situation in which we find ourselves.

Do not live the kind of life that stands out through integrity and unselfishness and good spirit—indicating that you understand both God and life.

YOU SHOW THAT YOU FEEL YOUR RESPONSIBILITY AS A CHRISTIAN WORLD CITIZEN WHEN YOU:

Realize that we have the materials to make a decent world of life.

Work to use atomic energy in an economic and constructive way instead of a military and destructive way.

Are daily trying to get people right in their outlook on life and in their relationship to each other.

Daily lay your life open to God.

Search your own life to discover why there is not power enough to draw others to Christ's way of life.

Daily pray, "Lord revive thy church beginning with me."

Can impart your faith to other people by the kind of a personal life you live.

Are even tempered, honest and ready to go the second mile.

Make life a day long adventure because you are relying on God.

Realize Jesus was more-exercised about the sins of the Pharisees than He was about the sins of the Prodigals.

Are a spiritual junction and not a terminal.

### GOP Selection Spurs Demand for Eisenhower

By RAY TUCKER

WASHINGTON, July 2.—The selection and strength of the Republican presidential ticket has revived the draft-Eisenhower movement among both regular and irregular Democrats, with the Southern bolters and a lonesome clique of Roosevelt New Dealers forming a weird combination in favor of "Dr. Ike." Although their strategy is quite uncompromising to the two principals, they are deadly serious.

Even if General Eisenhower had not recently repeated his refusal to run in private conversations, the nomination of Governors Dewey and Warren will operate to keep him out of the race.

For one thing, and "Ike" is a sensitive individual, there is no assurance that he could defeat such a slate. He might have been tempted to sacrifice his personal wishes if the GOP had named Senator Taft of Ohio. Senator Bricker of the same state or Speaker Martin of Massachusetts.

REFORMS: But the Dewey-Warren viewpoint on the two issues closest to the General's heart—national defense and foreign co-operation—accord with his Republican standard-bearers, and especially Mr. Warren, belong to the so-called "big American" school.

Their fairly liberal philosophy on social and economic questions constitutes another deterring factor. Although General Eisenhower has not expressed himself in detail on domestic problems, his private discussions suggest that he and the GOP are not far apart.

For, as the platform and statements of the candidates reveal—and this may surprise some of the ultra-conservatives in the party—they mean to preserve the fundamental reforms of the Roosevelt regime. The principal difference will be in the administration and direction of them.

ABANDONING: Furthermore, acceptance of the Democratic nomination now would place the military leader in the position of playing second fiddle. Having received no serious consideration from the Republicans at Philadelphia, he would seem to be abandoning his original stand for the mere sake of public office.

He also recognizes that he is "being used" by the recalitrants and the office-seekers among the Democrats. Some Southern delegations want him, and may place his name in nomination, solely to punish President Truman for his Civil Rights program.

In view of his high principles, none of his friends expect that General Eisenhower will let himself become the political commander of their battalions.

The prospective victory of the Dewey-Warren team also knocks Associate Justice William O. Douglas out of the race. He will not leave the bench to lead or even participate in a seemingly lost cause. With the popular Californian in the race, Mr. Douglas would not even contribute to a Democratic triumph in his own state of Washington.

## The Worry Clinic

By DR. GEORGE W. CRANE  
 JASON F., 26, is a young professional man.

"Dr. Crane, for a year I have been ideally happy with the sweetest and most charming wife any man could ever hope for," he began.

"But during the last six weeks, death has stricken two of my friends and one of my near relatives. Up until now I have always led a happy life, and have been spared most of the sorrows which beset so many people.

"Now I am growing panicky about death. I am afraid of the future. I worry lest I might die. Although I was brought up as a Christian, I have drifted away. Recently I have tried to get actively interested in church again."

"But I need your help. I must get a grip on myself. Dr. Crane, is there a world after death? Do you believe it?"

YES, I most certainly believe it. And I regard death as simply a graduation ceremony or promotion to a new classroom where we shall continue our learning.

We have a few objective facts to prove conclusively the existence of a heaven. But scientists don't necessarily deny that which they have never seen.

We cannot see virus germs but we can witness what they do and, by analogy to other larger germs which are visible under four microscope, we can describe many of their characteristics.

Let me cite a physical example of reincarnation. The chemical symbol H<sub>2</sub>O means water. It is a clear liquid.

But it can also exist in a block of ice without altering the chemical nature of H<sub>2</sub>O. Later it may disappear as water vapor or steam. We cannot see it.

"By their fruits ye shall know them" is an excellent scientific precept. Our brief space will not permit a lengthy proof of a hereafter.

"But we live in a cosmos that is more exact than our clocks. In fact, we set our clocks by it.

It has innumerable solar systems, many of which are far larger than our own, and has possibly thousands of other inhabitable planets. Maybe we shall "graduate" to one of them after death, who knows.

Such a vast but precisely conducted universe cannot be the freakish work of chance. Human logic will not admit such a thing for we are not permitted to deduce beyond our human experience and human experience ALWAYS has shown a brain behind an invention, regardless of how simple or complex the latter may be.

By such human logic there must be a Creator behind the universe. By such deduction man proved the earth was round before Columbus tried the real experiment.

Then look what Christianity stands for. Most of our colleges were founded by it, as well as our hospitals. Red Cross, Salvation Army, YMCA and YWCA, CYO and peace societies.

It has championed nearly every constructive cause during the last 19 centuries. It promotes a rule of love instead of hate which is the most unique psychological contribution in the history of this planet.

But when you are promoted at death, don't be content with a "D" grade! Try to rate a "B" or even an "A." This means, throw your energies behind the constructive things in life instead of whiskey flasks and racing dope sheets!

## 'MAKE ME A BOY AGAIN'

## Hollywood

By EDITH GWYNN

HOLLYWOOD, July 2.—Metro has already bought the rights to General Eisenhower's memoirs, called "Crusade in Europe"—and which we itemed, will be a Book-of-the-Month club choice.

BUT we understand that there is a clause in their contract with the good general that if he were to give up his government office in the year 1948, the whole deal is off! There are all kinds of implications (all good) in that last sentence!

With "The Face" (A. Colby), Jimmy Durante "The Nose" (Jimmy Durante), "The Body" (Marie MacDonald) and other such very much in evidence around Hollywood, someone should tag Shelley Winters, "The Corpse." She was strangled in "A Double Life," she was run over and killed in "The Chair for Martin Rome." She gets knocked off by a car in "The Great Gatsby" and Johnny Payne shoots her dead in "Larceny!"

IT DOESN'T seem possible, but portable television will soon be on the market. Philadelphia had the first look-see. As we said yesterday, "everything is movin' too fast!" Just because Richard Haydn signed to direct more pictures at Paramount after "Tatlock Millions" which he just finished, he won't give up acting. He'd better not after his wonderful job in "Sitting Pretty" and "Emperor's Waltz!"

Les Barker and "Mrs. Tarzan" chopping away at the town's biggest steak at the Tallyho. Muscle-building, no doubt.

TEE HEE—someone punning in movie parlance said that Lex Barker can't find his Tarzan loin-cloth because it's on loan-out! ... While little Wanda Hendrix is in Rome doing that picture with Ty Power, her sweetheart, Audie Murphy is going to Europe to revisit the battlefields where he got all those decorations. You can bet they'll catch up with each other abroad! ... George Raft and Joyce Matthews (Milton Berle's ex) have gravitated to the same spots—together.

UP TO A FEW days ago Elizabeth Taylor, practically in tears over the whole thing, had just her hair blonde and pluck her eye brows to a thin line for her role in "Little Women." But (praise be) as of this moment, she's put her foot down and were happy to report that this natural beauty will remain just that. If they insist she be blonde in the movie, Liz will wear a wig—and that's as far as she'll go. ... David Niven, unannounced, busted into our house yesterday, fresh from having his hair dyed positively carrot pink! He says it will photograph white for those sequences in "Enchanted" in which he plays an 80-year-old man.

MARIE WILSON is waving a five thousand dollar bonus check that Ken Murray and Dave Siegel gave her, celebrating all these years in his "Blackouts" show here. At the party celebrating its seventh year the other night, Murray and his ex-wife, now Mrs. Bob Hutton, were photographed together just like "old times."

## Skit Tops Program At Guild Meeting

Forty members and guests of the Women's Guild of Church of the Good Shepherd, Evangelical and Reformed, attended a picnic and outdoor meeting at the home of Mrs. John Wetzel, Boyertown RD 1, recently.

Mrs. Wetzel, the hostess, was in charge of a short worship service held outdoors. Following this, Mrs. Amanda Erb, president, presided at a business session. Mrs. Eva Keller, secretary, took the minutes. A skit, "Tillie and Mille Go to New York," was presented by two members, Mrs. Ralph Landis and Mrs. Alvin Steltz. Games were played and there was group singing. Refreshments were served by Mrs. Landis, Mrs. Thomas Diener and Mrs. Katie Sattler. The luncheon was served on the lawn of the Wetzel home.

## Robert I. Miller, Midshipman, Reaches Lisbon on Summer Tour for Navy Cadets

Midshipman Robert I. Miller, son of Mr. and Mrs. William F. Miller, 27 South Jefferson street, Boyertown, is in Lisbon, Portugal, aboard the heavy cruiser, Columbus, which is one of 14 ships making the annual Summer cruise for Navy cadets.

Miller, an NROTC student at Penn State, sailed from Norfolk, Va., the past June 7 and arrived at Lisbon on June 21, according to letters received by his parents the past Wednesday. Other points of interest in the cruise itinerary include the French Riviera, Monaco, Genoa, Leghorn, Algiers, Casablanca and Gibraltar.

Aboard the Columbus, Miller said that midshipmen have daily classes and first-hand observation of the ship's operation. During the first two weeks, he received special training in engineering. His battle station is pointer of a 40 mm anti-aircraft gun.

IN HIS LETTERS, Miller described shipboard life. He attended a special Fathers' day program the past June 20. Food, he said, is ample and excellent. Rising time is 5:30 a. m., and taps are sounded at 9 p. m.

The Columbus is one of 14 ships, including the battleship Missouri aboard which Japanese surrender papers were signed in Tokyo bay on Sept. 2, 1945, to comprise the task force. The unit is commanded by Rear Admiral Richard Conolly, commander-in-chief of American Naval forces in Europe. A total of 2400 United States Naval academy midshipmen are making the tour.

Miller was expected to return home late this month. He will spend two weeks on duty at a naval station in the South and then will return to Boyertown prior to his return to classes at Penn State in September.

The Boyertown midshipman is a graduate of Boyertown High school, class of 1947. He spent his first year in the NROTC at Mont Alto, in southern Pennsylvania. This year he will study on the Penn State campus at State College.

## Rev. H. A. Althouse, Retired Clergyman, Dies; Served in Swamp-Amity Charge

The Rev. Howard A. Althouse, 68, of 419 East Fourth street, Boyertown, died late yesterday afternoon at his residence after a lengthy illness.

Born in Berks county, he was the son of the late Solomon A. and Clara Rebecca (nee Ahrens) Althouse. A graduate of Keystone State Normal school, now Kutztown State Teachers college, class of 1900, he taught school for several years.

After having completed a course in theology at the former Ursinus school of theology, he was ordained at Barren's Reformed church, York county, on May 28, 1905.

IN 1916 HE WAS graduated from Neff College of Oratory, Philadelphia, where he received his degree of bachelor of oratory in 1925. From 1925 to 1934, he was a part-time lecturer at this school.

He served the following charges: Dillsburg, from 1905 to 1907; Pine Forge, from 1907 to 1910; Grace Reformed church, Avon, 1910 to 1912; Heidelberg charge, Lehigh county, 1912 to 1924, and Swamp-Amity charge, 1924 to 1945, from which he retired on Nov. 1, 1945.

In this latter charge, he served St. Paul's church, Amityville; Falkner-Swamp, New Hanover, and Trinity, Bechtelsville.

The late pastor was active in Masonic lodge work from the time he joined about 20 years ago. He was a member of Boyertown Lodge 741, F. and A. M., and was past master in 1934 and chaplain for several years after that.

HE IS SURVIVED by his wife, Nora P. (Schoelkopf) Althouse and these children: Howard L., New Tripoli; the Rev. Ralph D. Althouse, pastor of Trexlerstown-Macungie Evangelical and Reformed

charge, Macungie; Mildred M., wife of Linwood W. Ott, Warwick street funeral director; and Blanche L., wife of John A. Genther, of New Hope, Bucks county; nine grandchildren; two brothers, Solomon Althouse, Sinking Spring; and Adam D. Althouse, Reading.

Funeral services will be held Wednesday at 2 p. m. from St. Paul's Union church, Amityville. The Rev. Sheldon E. Mackey, president of Reading Synod; the Rev. Dr. Calvin M. DeLong, the Rev. William H. Solly and the Rev. David F. Longacre, will conduct the services. Interment will be made in Charles Evans cemetery, Reading.

## Turnpike May Be Extended To Ohio Line, Duff Says

HARRISBURG, July 2 (AP)—The Pennsylvania turnpike, the State's highspeed toll road, probably will be extended to the Ohio line in the vicinity of Youngstown, Governor James H. Duff said today.

The \$70,000,000 turnpike now links Pittsburgh and Harrisburg.

Duff already has announced new links will be built to carry the four-lane highway clear across the State.

Construction on the eastern extension was expected to begin in a few months.

Duff told newsmen the Turnpike commission is considering two routes for the western extension, one north and the other south of Pittsburgh. A choice is due in a few days.

### Outdoor Luncheon Enjoyed by Members Of Garden Club at Carson C. Potter Home

In an ideal garden setting, with the weather the utmost in perfection — birds singing and soft strains of organ music, 50 members and seven guests attended the Pottstown garden club outdoor luncheon meeting on the spacious lawn of Mrs. Carson Potter, Wilson avenue and Burdard's Drive, yesterday afternoon.

After enjoying the organ music which was furnished by Mrs. Ralph Rutter, a rather lengthy business session followed with Mrs. Frank Hutt Sr., presiding.

Members decided to change the time of the annual luncheon to the first Friday in October this year to coincide with the Pennsylvania State Federation of Garden club's dates for the annual dinners.

An invitation was extended to all members to attend the floral exhibit at the Pennsylvania station, 30th street in Philadelphia, September 10 and 11.

BRINGING with her numerous specimens of birds, Mrs. Everett Griscom, Roslyn, addressed the group on the production of wild birds, stating that people must prove that they are worthy of that which has been handed down to them and that wild life, which has been abundant, is gradually becoming scarce and everyone must do what he can to protect all wild birds.

She claimed that although God gave the world the beautiful birds and gave them work to do, most of the world make it difficult for them to do it, saying that we are not giving them sufficient or proper places in which to live.

Civilization, she continued, is constantly crowding them out. In addition, we are allowing the English sparrows and starlings to crowd out the bluebirds, robins and other fine beetle eating birds.

SHE MAINTAINED that we cannot survive without the existence of these birds. No wholesale spraying is allowed in Florida citrus groves since they discovered that it destroyed the wild life. The magnitude of spraying in other parts of the country is gradually destroying wild life and unless it is discontinued, the wild birds will soon become a thing of the past.

She stated that the yellow billed cuckoo eats the fuzzy caterpillars; the Japanese beetles are eaten by numerous other birds, while the flicker, with its sticky tongue, feeds its young with 3 to 5000 ants a meal.

The catbirds and the brown thrashers are the finest singers in the world, with their song a changeless one and a melody for every good mood. She concluded her address by telling the members that the time has come when we must talk of conservation of the finest things in life.

Among the birds which she brought with her to place on display were the brown thrasher, catbird, wood thrush, woodcock, cardinal, flicker, Baltimore oriole, yellow billed cuckoo, quail, scarlet tanager, saw-wet owl, and several species of the warblers and song sparrows.

Mrs. Harold Filman won the first honor for her distinctive table arrangement in the flower arrangement contest which followed the business meeting. Her arrangement

consisted of a Peruvian daffodil jolly and pentstemon, arranged with an artistically shaped branch of a tree and fine growth of green woods plants, even to a small toadstool.

Second honors went to Mrs. George Bullard with a white container filled with white Japanese iris and greens. Mrs. Maurice Mosheim won third honors with lavender and white Japanese iris arranged in a green and tan pitcher.

Mrs. Marion Purnell asked members to be on the lookout for some weeds of attractive appearance this summer, and to dry, press and save them for use in the fall, at which time interesting things are planned to be made from weeds.

Mrs. Nellie Storm asked that the club members make themselves more familiar with the by-laws and to see that they are carried out to the fullest extent possible.

The next meeting will be held August 5 at the home of Mrs. Roy Hoel, Greshville, in the form of another box-luncheon meeting with the cars leaving town at 10 o'clock. Each member is asked to bring at least one thing grown in her own garden and to wear a hat made out of things from her garden.

### Baby Linda Mary Joseph Baptized in Wilkes-Barre

Little Miss Linda Mary Joseph, daughter of Mr. and Mrs. J. S. Joseph, Pottstown RD 3, was baptized at the home of the paternal grandparents in Wilkes-Barre Tuesday.

## BEATRICE FAIRFAX'S

### Advice to the Lovelorn

\*\*\*

#### This Is Mother's Responsibility

DEAR MISS FAIRFAX:

I am a girl of 15 and I am having trouble at home with my father.

Do you think I am old enough to go with boys to the movies and to church dances? My father will not permit me to go. He thinks I am still a baby.

One of the senior boys at high school asked me to go out with him for graduation. I said yes, because I like him and would enjoy myself. If I ask my mother if I can go, she will let me because she is the sweetest mother anyone could have, but if I ask my father, he won't. Please tell me what to do.

Pottstown WORRIED

Dear Worried:

It seems to me that your situation is one in which your mother should take the responsibility and not leave it to you to decide whether her permission or your father's is the one that should determine what you should do. I see no reason in the world why you should not go out with this boy or with any other nice boys to events your parents approve. And I think if your mother is willing for you to do so, you have a perfect right to go, and let her handle your father.

Dear Miss Fairfax:

I wonder if it is a crime for widows to keep company or go out with men friends. I am in my 50's, have two grown children and have been keeping company with a man also in his 50's for about two years. We hope to get married some day. I would like very much to be like to keep her in her own home. He has a position which requires

Pottstown RD 4. A READER

Dear Reader:

If you are going to do anything as unconventional as entertain a man until so late at night, you must expect that your neighbors are going to gossip, even though the whole thing may be perfectly harmless. I think you will simply have to decide which means the most to you, your friendship with this man, or what other people think, and be guided accordingly.

Since this friend of yours wishes to marry you, who can't he do so, taking you to his home to live, if he wishes to continue his present living arrangements with his mother? Of course that would make it necessary for you to do a lot of adjusting, because it is never easy for a wife to live with a mother-in-law. But that would seem more preferable than for a man and woman in their 50's to go on putting off their marriage indefinitely and putting themselves in an uncomfortable position by so doing.

Close as sisters. I don't want to do anything to make my aunt mad at me but I would like to do this one last thing for my cousin as she and her friend both want me to. Do you think it would be wrong for me to go away secretly with her and stand up with her, or should I not bother and figure it is none of my business?

Boyertown UNCERTAIN

Dear Uncertain:

I think you had better keep out of this thing altogether. Whatever your cousin does, you are going to have to keep on living with your aunt, who is certainly going to be very angry if her daughter goes through with her plans to marry without her consent. Your life will not be at all happy when your aunt discovers that you have been a party to deceiving her.

Personally, I think it is a mistake for your cousin to marry so young, especially when the boy will have to be away from her most of the time for so long a period. If you have any influence with her at all, I urge you to try and get her to reconsider her decision.

I think you had better keep out of this thing altogether. Whatever your cousin does, you are going to have to keep on living with your aunt, who is certainly going to be very angry if her daughter goes through with her plans to marry without her consent. Your life will not be at all happy when your aunt discovers that you have been a party to deceiving her.

Personally, I think it is a mistake for your cousin to marry so young, especially when the boy will have to be away from her most of the time for so long a period. If you have any influence with her at all, I urge you to try and get her to reconsider her decision.

Dear Miss Fairfax:

I wonder if it is a crime for widows to keep company or go out with men friends. I am in my 50's, have two grown children and have been keeping company with a man also in his 50's for about two years. We hope to get married some day. I would like very much to be like to keep her in her own home. He has a position which requires

him to work late, and some times he doesn't get to my house till about 9 o'clock and stays till about one. My neighbors seem to have nothing to do but watch what other people do. I am friendly with all of them but don't tell them my personal affairs.

Dear Reader:

If you are going to do anything as unconventional as entertain a man until so late at night, you must expect that your neighbors are going to gossip, even though the whole thing may be perfectly harmless. I think you will simply have to decide which means the most to you, your friendship with this man, or what other people think, and be guided accordingly.

Since this friend of yours wishes to marry you, who can't he do so, taking you to his home to live, if he wishes to continue his present living arrangements with his mother? Of course that would make it necessary for you to do a lot of adjusting, because it is never easy for a wife to live with a mother-in-law. But that would seem more preferable than for a man and woman in their 50's to go on putting off their marriage indefinitely and putting themselves in an uncomfortable position by so doing.

Close as sisters. I don't want to do anything to make my aunt mad at me but I would like to do this one last thing for my cousin as she and her friend both want me to. Do you think it would be wrong for me to go away secretly with her and stand up with her, or should I not bother and figure it is none of my business?

### Three Youths Jailed Pending Payment Of Truck Crash Costs

By Staff Correspondent

NORRISTOWN, July 2.—Three 19-year-old youths from New York were in Montgomery county prison today attempting to raise approximately \$225 so they could gain their freedom.

The boys, Leonard Corie and Frank Ciliberti, of Brooklyn, and Stephen Crane, of New York City, were told by Judge William F. Dannehower they would have to stay in jail until they could pay \$160.45 in damages caused to a truck of Jack Leblang, 427 High street, Pottstown, plus the court costs.

They came before the court on a plea of guilty to driving Leblang's truck without consent of the owner.

Motor Patrolman Thomas Lawler testified the boys were arrested on the early morning of June 26 after the truck had crashed against another parked vehicle as Ciliberti attempted to drive it from its parking place in front of the Leblang establishment.

The youths said they were hitchhiking to Spokane, Wash., where one of them, Corie, is stationed with the U. S. Army Air Forces. Corie's two companions said they wanted to be assigned with their buddy's outfit.

Judge Dannehower suspended jail sentence, but only on condition the costs are paid. Leblang said his damages totalled \$160.45 while the court costs were estimated at \$60.

### DOEHLER UNION —

known as an "improvement in the living standard."

MEMBERS OF LOCAL 703 will decide whether to accept the new contract Wednesday. Before the voting is conducted, there will be two meetings in Pottstown Senior High school.

Second and third shift workers will meet Tuesday morning at 9 o'clock. First shift workers will meet Tuesday night at 7:30 o'clock.

Schade also outlined other central features of the contract which he estimated would mean a total cost to the company averaging 25 cents per hour per worker.

There will be an increase in vacation benefits. But this is a "fringe" issue, Schade said, and may be accepted or rejected by vote of the individual plants.

A job evaluation program will be set up on a four-plant basis, replacing the individual-plant program now in effect. There will be a time study system emphasizing "elemental standards," he added, which would apply particularly to workers in cleaning and casting workers.

IF THE CONTRACT is ratified, it will go into effect July 12.

Attending the negotiations in New York were, for the Pottstown management, Elmer Rothenberger, labor relations director, and C. Roy Bush, his assistant, and for the union, Schade, two members of the National Doehler council, August Krause and Carl Pickard, and the chief steward, Sidney Peart.

Negotiations ended June 25, Schade said, but the union men remained in New York until yesterday for a meeting of the council.

He concluded by saying that the national union and management would issue joint statement to all four plants Wednesday.

to "ditch" the President say he can't even be sure of all those pledged to vote for him.

And James Roosevelt, son of Franklin D. Roosevelt, was reported to have called a meeting of pro-Eisenhower forces in Philadelphia July 10—two days before the Democratic National convention opens in that same city.

WORD OF THE Philadelphia meeting came from Jacob M. Arvey, Ohio Democratic leader who said yesterday that Eisenhower's name could stampede the convention if it came before the delegates.

cause of inadequate housing," he asserted.

"Living with your in-laws just doesn't work. I've seen it fail too many times."

In the past few years, the Rev. Hallock has had only a few eviction cases called to his attention, but he has personal knowledge of members of his congregation who face the seemingly insoluble housing problem.

As an example, he spoke of a husband and wife who are searching everywhere for a place to live. The man is a newcomer to Pottstown, an employee of a local factory.

But the housing shortage means endless worries and a gnawing problem to the pair, when they might be settling down to a quiet, comfortable life in their new town.

OTHER MINISTERS told of house-hunters, people representing a cross-section of Pottstown, the middle classes as well as the more unfortunate.

The Rev. Donald T. Floyd, pastor of the Trinity Evangelical Congregational church, remarked:

"Most of our cases are people who have been renting and have had the houses in which they were living, sold. They usually don't have any place to go, and I help them if I possibly can."

The Rev. Floyd's observation pointed up another phase of the housing problem—the fast-vanishing rental units, the disappearing homes rented out at a moderate price.

The pastor of the First Baptist church, the Rev. Delaine E. Story, like most of Pottstown's ministers, has had men and women come to him for help when they faced the problem of finding a home.

"Quite a considerable number have come to me," he said, "people just, pleading for help to find a place to live."

The Rev. Story told of one hardship case brought to his attention recently, a husband and wife and the wife's mother, forced to move, with no place to go.

Finally, the ailing older woman, he said, was forced to seek shelter with other relatives while her daughter and son-in-law found a smaller place of their own.

The Rev. Robert M. Lamparter, pastor of St. John's Lutheran church, South Pottstown, described the ingenuity of a young couple whose search for living quarters ended like so many others—fruitlessly.

"They found a double garage, which the man, mostly by himself, converted into a very nice little place to live," the Rev. Lamparter explained.

can relations with Russia, Marshall announced that the United States has asked Moscow for the "immediate return" of 28 naval vessels and three ice breakers which were turned over to the Russians in wartime. The request was made in January and Russia still has the ships.

### 'Ford Youth Hurt While Swimming

An X-ray examination was made in Pottstown hospital yesterday to determine fully the exact extent of injuries suffered by Robert Lightcap, 16, son of Mr. and Mrs. Robert Lightcap, 352 Myrtle street, Royersford, who fractured his neck in a swimming accident Wednesday night.

Hospital officials reported a possible fracture of the third and fourth vertebrae of the spinal column. Full details of the X-ray were expected today.

According to his parents, the youth plunged off the high diving board into the lake at Lake View park and struck his head on the bottom. After swimming ashore the injury became worse and he was taken to his home by car. Dr. R. K. Glocker ordered his removal to the hospital.

caravan—the enchantment of the pasture.

Since the couple got their 1948 trailer three weeks ago, they have been working in feverish preparation for the trip.

The trailer is parked on the property of Mrs. Walter Fryer, Bechtelsville RD 1, who is an aunt of Mrs. Kummerer.

Every night in the past weeks Kummerer and his wife have labored long into the night installing gadgets like extra lights and extra towel racks in it.

THE PAST SUNDAY the couple held a combination going-away and christened the trailer "Nomad."

Nomad is thoroughly equipped with all the conveniences of home including electric refrigerator, oven stove and chemical toilet.

They will cut across as many states as they can and have letters to "about a dozen people in every state," as Mrs. Kummerer put it.

After the Yellowstone, where they will stay for an indefinite time, they plan to head for the Pacific Northwest and thence to Canada.

They will drift down the West Coast and plan to end in Mexico by the beginning of Winter.

They will leave the trailer in the United States and go from hotel to hotel in Mexico because they have been told that, in their trailer, they would be duck soup for the many Mexican bandits.

The Kummerers plan to take movies of every part of the trip. In its entirety the film may look like a film version of "Inside U.S.A." with an appendix on Canada and Mexico.

Will the Kummerers, who both have spent all their lives in and around Pottstown, ever find their way back to Pottstown? They are not sure.

In a way, they hope so. But it depends on a lot of things — a lot of things.

### AUTO CRASH —

the side of their 1948 convertible.

The youth's car spun halfway around to the left and went skidding into two thick pipes, which are used to hang signs and floodlights advertising The Oaks tourist cabins.

Their convertible rebounded off the firmly-planted pipes, and was knocked over on its side, skidding rear first back to the edge of the road.

All four sides, and front and rear, of the car were crumpled. The canvas top was torn away, with the metal frame twisted awry, and the car's chassis split in two places.

RILEY, THE critically-injured youth, was freed when neighbors and passing motorists lifted the car from its side.

Another youth, Joseph Heller, had his left leg pinned beneath the car, but suffered only bruises and strains of the leg. He also had a deep gash behind the left ear.

The driver and the fourth occupant, Henry Hornberger, 25, said they believed they were tossed through the ripped roof, but were not sure.

Nellett had a long, deep laceration of the scalp, while Hornberger had a dislocated right shoulder, a wrenched back and a cut nose.

Three witnesses said the injured youths were lying on the highway for nearly 30 minutes before a Trappe Community ambulance could arrive to take them to the hospital.

AS THE SMOKE and gas fumes settle slowly this morning, Pottstonians who failed to join the great Fourth of July departure will settle back to enjoy a quiet three-day weekend.

Oddly enough, the 152nd anniversary of Independence Day will go almost unobserved in Pottstown. No patriotic programs have been planned for the day, as contrasted with the gala celebrations held in years gone by.

Instead, folks will take the kiddies to parks or swimming pools close by, or will stay at home sitting quietly on the front porch.

The shooting off of fireworks is banned by a borough ordinance, and the weekend is expected to be very quiet.

MANY MEETINGS which were scheduled for Monday night have been postponed or advanced so as not to interfere with the observation of the holiday on that day.

### ROAD DISPUTE —

(Continued From Page One)

Kulp announced that conclusive arbitration would not be feasible in view of Wilson's absence.

HERE IS the dispute in a nutshell:

One household, that of Dunwoody Zook, and another, belonging to a family named Loomis, are situated on a stretch of road four-tenths of a mile in length. The other 18 persons reside along a longer, more used road which is a few miles distant.

The township grapevine passed information that the shorter road, which actually comes to a dead end at Zook's barn, was going to be resurfaced. The other people opposed, maintaining that the more widely traveled stretch should be paved.

The complete story of the road war is as involved as is the area's maze of dirt roads, which are all in poor condition.

According to Commander and Mrs. W. L. Culbertson, who started the 18-name petition, a special meeting was called on May 11, at which time the supervisors decided to re-surface the road passing the Zook and Loomis homesteads.

"They asked the supervisors to have the road vacated to public traffic on one hand, and requested

Among those unopposed were Joseph H. Buran, finance officer for ten years; Ralph Guest, adjutant bidding for his ninth year; the Rev. Luther A. Krouse, chaplain, an office he has held for nearly 20 years; Harry J. Gintner, and Norman L. John, service officers, and LeRoy Koch and Richard A. Wilson, sergeants-at-arms.

The rest of the meeting in the post home, in charge of the retiring commander, was devoted to routine business.

## MONOCACY

Mrs. Frank Fiorini, corr. Phone Birdsboro 2-3773. Richard Peterman, delivery. Phone Pottstown 755-J-4.

A pretty wedding ceremony took place recently at St. Paul's church when Miss Jean Martin, daughter of Mr. and Mrs. William J. Martin, and Victor J. Mease, son of Mr. and Mrs. George Mease, of Douglassville, were united in marriage by the Rev. William Solly, pastor.

The bride was attended by Mrs. Leroy Yergler, of Boyertown, matron of honor, who was gowned in blue chiffon; Miss Fernie Meyer, of Monocacy, in orchid chiffon, and Miss Jane Hohl, of Baumtown, in yellow chiffon.

All the gowns were made on the same order and all wore picture hats and carried bouquets of corresponding flowers attached to small fans.

The bride wore a white satin gown with a long veil and carried a white prayer book topped with an orchid and long streamers.

The bridegroom was attended by William Shirey, of Zionsville, best man, and ushers, Russell Hahn, of Earville and Kenneth Kline, of Douglassville.

Miss Martin entered the church on the arm of her father and was met at the altar by the bridegroom, and best man. The double ring ceremony was used.

The mother of the bride, Mrs. Martin, wore a black lace dress with a large picture hat and a corsage of tinted roses, while the mother of the bridegroom chose a black and white print silk dress with a small black lace hat and a corsage of tinted roses.

A reception was held at the home of the bride after which they left for a honeymoon trip to the Pocono mountains. They will reside at the home of the bride for a few weeks until their home is completed. Many gifts were received and guests attended from Millersville, Lebanon, Birdsboro, Boyertown and Pottstown.

## Build BETTER FARM STRUCTURES with VIBRAPAC BETTER CONCRETE MASONRY

In planning your new farm buildings, it is wise to protect your investment and, at the same time, build for lifetime service by selecting a basic material of proven durability, ready availability and low cost.

VIBRAPAC CONCRETE MASONRY units give you all of these advantages and many more—such as fire-safety, storm-safety, vermin-proofness, neat appearance, sanitary construction, etc.

There's a difference in Concrete Block units just as there is a difference in soil fertility... depending upon how either the Block or the Soil is built up. VIBRAPAC Concrete Masonry units are made on a machine that subjects the concrete mix to very effective vibration that shakes the material into a compact, tightly molded block free from air holes or other imperfections.

When you build... use Vibrapac Better Concrete Masonry for best results. See us for your requirements.

## BALLY

Miss Clara Gehman, corr. Phone Bally 43-R-3, Francis Campbell, delivery.

Bernadine L. Miller, daughter of Mr. and Mrs. Peter Miller, of Emmaus, and Leo A. Minner, son of Mr. and Mrs. Tobias Minner, of Bally, were married recently in St. Ann's church, Emmaus, by the Rev. Pecarick, rector of the church. The bride was given in marriage by her father. She was attired in a white satin gown featuring insets of lace and a lace yoke with long sleeves pointed at the wrists. Her shoulder length veil fell from an embroidered crown of white satin and lace. She carried a bouquet of white gardenias and white roses.

Miss Marie Miller was bridesmaid and wore a blue marquisette gown and bonnet trimmed with tiny flowers. She carried a bouquet of

deep pink roses and white baby's breath. The flower girl was Marilyn Minner, niece of the bridegroom, who wore an orchid gown and carried an old-fashioned bouquet with flowers in her hair to match.

Best man was George Minner, brother of the bridegroom. Dinner was served for relatives and friends at the home of the bride, after which the couple left for a trip to the western states.

They will reside with the bridegroom's mother, Mrs. Bertha Minner, on Main street for the present.

Mrs. Minner received her education at Vera Cruz public school and the School of Our Lady Help of

Christians, East Allentown. She is employed at the Rodale manufacturing company, Emmaus. Mr. Minner is a graduate of the Most Blessed

Sacrament school, Bally, and the Central Catholic High school, Allentown. He served in the U. S. Navy for 2½ years.

Dick Firth and Dave Stavrosky turned in four-hit pitching performances on Franklin Field last night, but the Quoit club failed to give Stavrosky any runs and enabled URW to notch its second win of the season, 3-0.

The victory hoisted the URW nine to within one-half game of the seventh-place Pottstown Amvets, who seem to be strangers to the second division this year.

URW broke up a 0-0 deadlock in the third inning, scoring its first run without the aid of a base hit. Bob Kurtz reached first base when

Crater let a slow roller go through his legs at second base for an error to start URW on its way.

GOTTSHALL WORKED Stavrosky for a base on balls and Jack Kurtz advanced the runners with a single. At first, Webb fanned, Rhoads' blooper fell in back of shortstop for a hit to load the bases. Doug Kurtz grounded to second baseman Crater, but the throw to the plate was too late to stop Sedlock from scoring. Bob Kurtz then worked Stavrosky for a base on balls to force Ecker home with URW's third run.

Both pitchers got into trouble in the very first inning when each team put two runners on the bases, but managed to settle down and work themselves out of the tight spot. Stavrosky often got himself in trouble with walks. He issued six walks in six innings.

DUTCH HARRISON

## Dutch Harrison Sets Pace in Detroit Golf

DETROIT, July 2 (AP)—Age gave way to stamina today in the \$15,000 Motor City Open golf championship as tall E. J. "Dutch" Harrison charged in with a four under par 33-34-67 for sole possession of the halfway lead with 137 for 36 holes.

Rain squalls that slowed up the course didn't have that effect on the golf.

A dozen players cracked par in the first round yesterday, but 15 went over Meadowbrook Country club's soaked fairways and heavy greens under par figures of 35-36-71 today.

FOUR OF GOLF's brightest stars reached the 36-hole mark in 138, four shots under par and just one stroke off Harrison's pace.

They were serious Jim Turnesa who matched Dutch's 67 for one of the tournaments two finest rounds thus far, South Africa's Bobby Locke who added a 68 to his first round 70; home par Melvin Chick Harbert with two 69's and Western Open champ Johnny Palmer of Badin, N. C. with 68-70.

National Open and PGA champion Ben Hogan dropped six strokes behind with a 34-39-73 for a 143 total, and would have been worse without a sizzling finish for a birdie four on 17 and an eagle two on the 330-yard 18th, where he holed out a 75-yard pitch shot just as he did in the opening round.

## Princeton Threatens Ken's Rowing Title

HENLEY-ON-THAMES, England, July 2 (AP)—A peppery 150-pounder from Princeton University and the defending champion from Kent school of Connecticut, gained the semi-finals in the Thames Cup event today at the Henley Royal Regatta. They will clash tomorrow for a berth in the finals.

Princeton's time—seven minutes and nine seconds—was so fast that it made the other three survivors look like their anchors were dragging.

Nothing short of a broken oar should prevent Princeton from unseating Kent and going on to win.

Princeton eliminated Emmanuel college of Cambridge university, England, by three lengths. The Americans jumped off in front and, though well clear, raised their stroke to a 38 per minute beat for a sprint finish past the 10,000 spectators on the sunny banks of the Thames.

# NIGHT RACING MAKES DEBUT AT SANATOGATRACK

Offenhausers to Run Here For First Time Tomorrow; Races Start at 8:30

The Sanatoga speedway will introduce night racing to local speed fans tomorrow when it turns on the 'arc lights for a seven-event midget auto racing program which will bring the East's top drivers to the one-fifth mile oval.

Karl Spatz, track director, announced that the racing programs at Sanatoga will be held at night throughout the Summer to get away from the intense heat on Sunday afternoons. Improvements to the track's lighting system will be completed today, providing the local racing plant with one of the finest flood-light arrangements of any track in the East.

Another inaugural feature tomorrow night will be the introduction of fast Offenhausers which are expected to send track records flying. Many of the drivers will be piloting Offies here while others will stick to the wheel of their time-tested Fords.

SPATZ HAS ASSEMBLED another brilliant field of drivers, including Hawley Kight, Dick Dowd and Lou Volk, all winners of previous 25-lap features here this season.

Sanctioned by the ARDC, tomorrow's program will attract such stars as Larry Bloomer, Ernie McCoy, Charlie Breslin, Johnny Favinger, Mike Joseph, Walt Gregory, Lucky Loux, Charlie Miller, Vic Sloane, Glenn Graham, Flash Gordon, Johnny Jans and a host of others.

Breslin and McCoy are only two of the many drivers which will introduce Offies at the local track tomorrow. Spatz said last night that Shorty Adams may actually drive one of the fast cars tomorrow.

Three 12-lap qualifying heats, two 15-lap semi-finals, and one 15-lap consolation race will precede the 25-lap Fourth of July Sweepstakes tomorrow night. The first race is scheduled to get underway at 9:30 o'clock.

## California Upsets Huskies in Olympic Rowing Tryouts

PRINCETON, N. J., July 2 (AP)—The University of California crew knocked Washington's Poughkeepsie champions out of the Olympic rowing tryouts today, beating the Huskies by about three feet in the biggest upset of the series. The victory sent California into the finals with Cornell and Princeton.

In time California's margin was just one tenth of a second. The winners rowed the 2000-meters course on calm Carnegie Lake in five minutes, 58 seconds and Washington in 5:58.1. The distance is 13 yards less than a mile and a quarter.

The outcome reversed the decision of their dual meeting early in the season and of the three-mile Poughkeepsie race, in which Washington was an easy winner and California barely took second place.

California led all the way but never could gain a margin of more than a half-length. At the end Washington was cutting rapidly into that lead and it was almost a photo finish.

Princeton's surprising varsity crew repeated its victory over Yale today, by an even more decisive margin than in their first meeting, to qualify for the final round of the Olympic eight-oared rowing trials. Princeton whipped the Yale varsity by about two thirds of a length, rowing the 2000 meters course in six minutes, 13 seconds.

# Albitz Blanks Cubs Without Hit or Run

Clarence Albitz enabled East End to halt a seven-game losing streak in the Pottstown Suburban league last night as he twirled a no-hit, no-run game against the Ringing Hill Cubs in winning, 3-0.

After winning three games, East End started its long losing streak by failing to get a hit or a run against Mel Groff of the same Ringing Hill team. The victory, fourth of the year for East End, failed to move the winners up in the league standings.

Albitz was masterful last night as he allowed only three men to reach first base. He walked one batter and two others got on base through errors.

THE BIG RIGHT-HANDER, who made his debut with UAW in the City-Industrial league a week ago with a two-hit winning performance, struck out six batters.

East End gave Albitz a lead in the first inning by scoring once. After four scoreless innings, East End clinched the game with a pair of runs in the sixth.

In other games, Sanatoga scored three times in the first inning to defeat Swamp, 3-2, and Linfield edged Royersford, 7-6.

Best of the lot was Johnny "Hard Luck" Bulla, Phoenix, Ariz., pro and airline operator. Tall, dark and handsome Johnny scratched out a 291. It gave him a tie for seventh place among the 36 who were permitted to play the final rounds.

Frank Stranahan, the American youth who holds the British Amateur championship, finished in a four-way tie for 13rd place with a score of 297. The poorest of the three amateurs who qualified for the finals.

# East End Dumps Redbirds by 5-4 To Move Into Tie for 1st Place

East End's 1947 Pottstown softball titlists started their move toward another championship last night as they handed the Redbirds their second consecutive defeat, 5-4, on The Hill far fields.

The defending champs pushed the winning run across the plate in the ninth inning after losing an early 4-0 lead when the Redbirds tied the count with pairs of runs in the fourth and sixth innings.

The victory elevated East End into a tie for first place with the Redbirds in the City-Industrial Softball league. The Redbirds previously held a two-game lead over East End after winning eight straight games, but two straight defeats and two East End victories quickly closed the gap separating the two teams.

East End wasted little time in getting to Sonny Roen. The champs scored three times in the first inning and added a single run in the third to get off to a flying start.

DON SCHERER lost the lead when he allowed two runs in the fourth and two in the sixth, but he settled down and held the Redbirds scoreless the rest of the way.

At Fisher Field last night, El Chico made a bid for its second victory in two days, but Maria Assunta came from behind to eke out a 6-5 triumph over its traditional rival.

After matching Maria Assunta's three runs in the first inning, El Chico touched Chick Bougher for a singleton in the

second frame and another run in the fourth for a 3-3 advantage. Maria Assunta, however, knocked Charles Kelly out of the box in the fifth frame with a three-run uprising that clinched the game.

The victory enabled Maria Assunta to move back into a tie for fifth place with West Pottsgrove. El Chico held on to seventh place in the standings but saw their lead over eighth-place Carlisle AC dwindle to a few percentage points.

# Falkenburg Defeats Bromwich For Wimbledon Tennis Crown

LONDON, July 2 (AP)—Bob Falkenburg, as game a young tennis battler as ever came out of California, got off the floor today to outslug Jack Bromwich of Australia in a stirring five-set final of the Wimbledon men's singles championship.

Trading at 3-5 in the deciding set, the 22-year-old American was three times within a point of defeat before he won over the veteran Aussie by scores of 7-5, 0-6, 6-2, 3-6, 7-5, before a packed crowd of 15,000.

The big audience, partial to Bromwich, sat in almost stunned amazement as the tall American from Hollywood, Calif., suddenly bringing his game to its peak, reeled off the last two games without loss of a point. He wound it up with two blazing service aces which Bromwich didn't even try to reach.

The new champion, a willful youngster, turned the crowd against him by tossing away the second set in too obvious a manner. He didn't even make the motions of trying and it looked pretty silly.

HE EXPLAINED later that he felt he needed the rest after having put a great deal into winning the opening set, but that didn't make the crowd like it any better.

Except for the second set, it was a great match in every sense of the word, filled with spectacular rallies and dramatic moments.

"I had my chance," Bromwich mourned in the dressing room, "but I didn't take it."

I was lucky to win," Falkenburg said, modestly. "He was, too."

**THE NEW CHAMPION** refused to discuss the possibility of his turning professional as did Jack Kramer, the past year's winner. Bromwich said he had not yet been invited to join the Australian Davis Cup team in America. He implied that now, in defeat, he probably would not be asked.

With one title in the bag, America is certain to get another when Louise Brough of

Beverly Hills, Calif., and Doris Hart of Miami, Fla., meet tomorrow in the women's final. Miss Hart yesterday dethroned Mrs. Margaret Osborne DuPont of Wilmington, Del., the defending titlist.

An all-American final also was assured in the women's doubles when both Wightman Cup pairs came through in today's semi-finals.

MISS HART and Mrs. Patricia Canning Todd, the defending champs, beat out Britain's Mrs. Jean Nicoll Bostock and Mrs. Mollie Blair, 6-4, 8-6. Miss Brough and Mrs. DuPont ousted another American team, Barbara Scofield of San Francisco and Mrs. Helen Petersen Ribhany of Boston, 7-5, 6-0.

Gardner Mulloy of Miami and Tom Brown of San Francisco battled their way into the men's doubles final with a hard fought victory over Lennart Bergelin of Sweden and Jack Harper of Australia, 1-6, 6-3, 4-6, 6-4, 8-6.

They meet Bromwich and his young Australian partner, Frank Sedgeman, in the final tomorrow and it should be a stand-off.

# Indians Win, Hold First Place; Athletics Edge Red Sox by 4-2

## Lou Brissie Limits Boston to 6 Hits; Dobson Is Loser

BOSTON, July 2 (AP)—Lefty Lou Brissie hurled an artistic six hitter to give the Philadelphia Athletics a 4-2 victory over the Boston Red Sox tonight before a packed 33,989 crowd. It was the Mackmen's ninth triumph in their last 10 starts and their fourth in a row at Fenway park this season.

Brissie, while gaining his seventh triumph of the year, sported the Red Sox a run in the second inning when Junior Stephens drew a pass and was batted around by Bobby Doerr's two bagger and Birdie Tebbetts' infield out. The war crippled left-hander then kept the Sox handcuffed until the eighth when they scored again on two singles and two bases on balls.

The Athletics got the range of right hander Dobson in the fifth inning when they tallied twice on three singles and a sacrifice. Ray Coleman came in with the "clunker" in the sixth after drawing a pass and being clouted around by Ferriss Fan and Hank Majeski.

## McKenley Shatters 400-Meter Record

MILWAUKEE, July 2 (AP)—Herb McKenley of Jamaica, with a burst of blinding speed, bettered the world record for 400 meters today with a time of :45.9. The accepted record is :46.0 held by Rudolf Harbig of Germany and Grover Klemmer of the United States.

The race was run in staggered lanes around the Marquette university track. There was a brisk quartering wind, and there was every indication that conditions were standard which would pave the way to official acceptance of the almost incredible time.

## Senators Nip Yanks in 12th By 2-1 Score

NEW YORK, July 2 (AP)—Garden City's 12th inning homer, his first four-bagger of the year, enabled the Washington Senators to edge the New York Yankees, 2-1, tonight behind Walt Masterson's three-hit pitching.

Masterson, whose last victory was at the expense of the Yanks on June 1, was superb in limiting the Bombers to three measly singles over the route. He walked seven but after the Yanks scored in the third, the bespectacled right-handed curve baller was never in serious trouble. In the last nine frames the losers were unable to put more than one runner aboard in any inning and only one man passed first.

Byrne, the southpaw Yanks finally "discovered" after spending parts of four seasons in New York City, also turned in a sparkling performance, yielding only four Gullenwater's circuit walkoff.

## Gordon's 2 Homers Enable Cleveland To Top Browns, 8-6

ST. LOUIS, July 2 (AP)—Two home runs by Joe Gordon, each with Manager Lou Boudreau on base, enabled the Cleveland Indians to take an 8 to 6 slugfest from the St. Louis Browns tonight and retain their slender hold on first place.

Gordon's circuit clout, his 14th and 15th of the year, came in the fifth and sixth innings. The second broke a 5-5 deadlock and put the Indians ahead to stay.

The Indians used five pitchers and the Browns four, with Steve Gromek being the winner and Al Widmar the loser. Don Black, who started for the league leaders, failed to get a man out, and Bill Kennedy, ex-Indian who came to the Browns in a recent trade, lasted less than five innings against his former mates.

Al Zarilla homered for the Browns in the second and Paul Lehner delivered a two-run triple in their four-run first inning.

## A's Sign Les McCrabb For Batting Practice

PHILADELPHIA, July 2 (AP)—Left-hander McCrabb, 33-year-old right-handed pitcher who was a member of the Philadelphia Athletics 1941-42 mound staff, returns to the Mackmen Sunday as a batting practice hurler.

McCrabb, who lives on a farm near Lancaster, was signed by Manager Connie Mack as a free agent. The Athletics originally purchased McCrabb from Williamsport in 1939 and sent him to Toronto. He rejoined the Athletics late in the 1940 season and in 1941 won nine and lost 13.

## CHICAGO BEATS DETROIT, 5-2, IN NIGHT GAME

Pale Hose Pound Trout From Box in Fifth Inning; Pieretti Winning Pitcher

CHICAGO, July 2 (AP)—The Chicago White Sox kayaked Dizzy Trout with a three-run fifth to defeat Detroit, 5-2, before 15,833 persons tonight. Marino Pieretti pitched the distance on a yield of six hits, five for extra bases.

It was a 1-1 game when wildness and White Sox bats caught up with Trout, and sent him spinning to his fourth straight loss. Taft Wright's double accounted for the first run. Then Trout walked Cass Michaels, his eighth pass, with the bases full for the second Chicago counter.

Al Benton, Trout's relief, was also wild and passed Ralph Weigel before striking out Pieretti to end the inning.

# Braves Rally to Beat Phillies, 7-3

## BOSTON KEEPS TIGHT HOLD ON FIRST PLACE

Errors Costly to Phils; Hogue Relieves Shoun, Credited With Victory

PHILADELPHIA, July 2 (AP)—The Boston Braves mixed 12 hits with four expensive errors and defeated the Philadelphia Phillies 7-3 in the first game of the series tonight. Bob Elliott hit his seventh home run of the season in the first inning with one on.

The Phillies knocked Clyde Shoun out of the box in the third but could do nothing thereafter as Bob Hogue set them down with two hits the remainder of the way.

The Braves took a two-run lead in the first on Elliott's homer but the Phils came back with all of their runs in the third. Andy Seminick's triple and a double by Johnny Blatnik were the big blows of the frame.

In the fourth Boston went in front again with two runs. Alvin Dark's double scored one of them and the first of Del Ennis' two errors let in the other.

Errors by Eddie Miller and Ennis figured in the Braves' two runs in the sixth and doubles by Ed Stanky and Mike McCormick produced the final tally in the seventh.

## Cincinnati Hands Cardinals 4th Consecutive Loss, 7-3

CINCINNATI, July 2 (AP)—The Cincinnati Reds clubbed three homers tonight as they defeated the erring St. Louis Cardinals 7-3 tumbling the Redbirds to their fourth straight loss. The Cardinals committed six errors. Danny Litwhiler, Johnny Wyrostek and Grady Hatton homered for the Reds. Stan Musial connected for a circuit blow for St. Louis.

Johnny Vander Meer scattered five hits for his fifth victory as against seven defeats.

The Reds drove starter Howie Pollet from the mound in the opening frame with a four-run outburst, including Litwhiler's two-run homer. Musial's miff of Hatton's single and a wild pitch helped the Redleg cause.

Wyrostek homered in the second and Hatton in the third to give the Reds a 6-0 lead before Musial connected for his 18th circuit smash of the season in the fourth.

The final Redleg run came in the fourth without the benefit of a hit. Dewey Williams walked and Vander Meer was safe on an error by

**Errors Help Chicago Cubs Whip Pittsburgh Under Lights by 5-1**

PITTSBURGH, July 2 (AP)—The Chicago Cubs were handed a 5-1 decision over the Pittsburgh Pirates tonight, the Bucs committing four errors—three of them by third baseman Frankie Gustine.

Bob Cheneau, rookie pitcher, allowed only four hits to lose his second game against three victories.

Cheneau, however, gave up six walks, threw a wild pitch and committed a balk. Both the wild pitch and the balk figured in the scoring as did two of Gustine's errors.

Russ Meyers allowed the Bucs eight hits, coasting to his eighth win against six defeats.

Eddie Waitkus scored the first Cub run in the first inning when Gustine threw wild past first on Andy Pufko's grounder. Two men were out and Waitkus had reached third as the result of a wild pitch

and an infield out.  
A single by Wally Westlake, a double by Ed Stevens and an infield out accounted for the Bucs' only tally in the second

## Duff Stands Firm On State Projects

HARRISBURG, July 2 (AP)—Governor James H. Duff said today he will fight to the last ditch "any effort by anyone" to "sabotage" the administration program of expanding mental hospitals and cleaning up the State's streams.

The governor made the comment when asked at a news conference if he expected any opposition as a result of his fight in the Republican national convention the past week against the Grundy forces in the Republican party.

Duff was at odds over the presidential nomination with other State leaders headed by U.S. Senator Edward Martin, Joseph R. Grundy and G. Mason Owlett, president of the Pennsylvania Manufacturers association.

The latter supported the successful candidacy of Governor Thomas E. Dewey for the presidential nomination. Duff opposed Dewey until the final nominating ballot.

## Huge Numbers Ring In Auto Plant Broken

DETROIT, July 2 (AP)—Suburban Dearborn police today claimed to have uncovered a \$50,000,000 a year numbers ring inside the big Rouge plant of the Ford Motor company. A CIO committeeman was arrested.

Two minor Ford officials were fired for failing to relay reports of gambling and bribery to their superiors.

Dearborn police said at least 250 men are known to have been collectors for the numbers ring inside the plant.

## Reporter Makes Good, Gets Screen Test, Too

ADA, Okla., July 2 (AP)—John Clayton, 19-year-old cub reporter to the Ada Evening News, told himself he was going to make good on his first big assignment.

His city editor, Roy McKeown, had him get a job as an extra in the motion picture "Tulsa," being filmed on Oklahoma Gov. Roy J. Turner's ranch near here.

Clayton got a bit part as an oil field roustabout. Director Stuart Heisler, noted the youth and learned he had majored in dramatics at East Central State college.

Clayton is leaving for Hollywood in two weeks for a screen test and possible movie career.

He also got his story.

## BECHTELVILLE

Miss Pauline Esh, corr. C. Kreiser, delivery.

Miss Regina Bechtel, daughter of Warren O. Bechtel, became the bride of Donald Stimmel, son of Mr. and Mrs. Lester Stimmel of Boyertown, in Trinity Lutheran church recently.

The Rev. George Peifer, pastor, performed the ceremony before an altar which was decorated with white lilies.

A recital of bridal music was presented by Mrs. Alvina Conrad, sister of the bride. Mrs. Conrad wore a corsage of pink carnations and a gardenia, gift of the bride.

Soloists were Jacob Stark, brother-in-law of the bridegroom, and Miss Wanda Bechtel, sister of the bride. She wore a corsage of yellow carnations and a gardenia, the gift of the bride. During the ceremony, Mrs. Alvina Conrad played a wedding hymn.

The bride was attired in a gown of white marquisette and lace, the style featuring an illusion neckline, long sleeves pointed over the hand, bodice of lace with peplum falling to a point in back, scalloped edges with mesh of marquisette bows, back closing with satin-covered buttons and a marquisette skirt with circular train. Her finger tip veil with lace edging fell from a tiara of orange blossoms and her bouquet consisted of white roses and baby's breath with white satin streamers.

Attending as maid of honor was Miss Rhoda Stimmel, sister of the groom. She was attired in a gown of blue nylon, featuring a three tier off shoulder Bertha with an illusion neckline, tight fitting bodice, full skirt and matching blue mits and blue bonnet tying under the chin. She carried an old fashioned bouquet of white and yellow carnations.

Attending the bridegroom as best man was Harold R. Bechtel, brother of the bride. White ushers were Messrs. Calvin Rambo, brother-in-law of the bridegroom, and Lawrence Heffner, brother-in-law of the bride.

Mrs. Stimmel, mother of the bridegroom, selected a grey dress with black accessories and wore a corsage of white gardenias.

Following a reception held at the Washington house, the couple left for a honeymoon trip to Virginia. Upon their return, Mr. and Mrs. Stimmel will reside at the bride's home.

## College Student Gets Probation on Charge Of Red Hill Girl

**By Staff Correspondent**  
NORRISTOWN, July 2.—A Camden, N.J., college student charged with inducing a 10-year-old Red Hill girl to undress was placed on 3 years' probation today after his attorney and family said the action apparently was caused by overwork.

Mayer Mark Swaab, 21, entered a plea of guilty before Judge William F. Dannehower on the charge of indecent assault. He did not touch the girl.

The youth was arrested by Pennsburg Police Chief Howard R. Beard after a Red Hill mother told him her daughter had been persuaded to undress by one of a group of book salesmen canvassing the area.

Swaab's parents traced his background as a Navy veteran and college student, asserting that he had never been in trouble before.

They said they believed their son was emotionally upset because of his heavy college schedule undertaken soon after his discharge.

He has been under medical and psychiatric treatment, they declared.

DEFENSE ATTORNEY Charles Blasband and Assistant District Attorney Nicholas Larzelere agreed that discontinuing the treatments throughout a jail term might lead to a nervous breakdown.

Swaab said he asked the girl to undress on June 14, while she was alone in the house with her five-year-old sister, "through curiosity, and was ashamed and disgusted with myself."

Chief Beard told the court he arrested Swaab after he returned to the Pennsburg area the following day with other canvassers. The little girl identified Swaab after the police chief rounded up the salesmen.

Judge Dannehower ordered Swaab to pay all costs.

## 110 Students Receive Certificates at Close Of Bible School

One hundred and ten students of the Zion's Reformed church vacation Bible school received their certificates last night after two weeks' attendance at the 22d annual session of the school.

As their closing exercises, the children and their teachers put on a demonstration of a day at school, including the opening assembly, lesson period, church service and closing assembly.

The Rev. Howard A. Kosman, pastor of Zion's Reformed church, director of the school, was in charge of the demonstration.

The teachers were: Kindergarten, Mrs. Charles I. Stout, Mrs. Joseph Shultz and Mrs. Wilson Weidner.

Primary, Mrs. Paul Mohler and Mrs. Joseph Hospador.

Junior, Mrs. Willis Bridegam and Mrs. John Levan.

Their assistants included Joan Llewellyn, Katherine Ziegler, Mary Elizabeth Hospador, Mary Ann Will, Richard Iselt and Willis Bridegam Jr.

Sponsors of the vacation Bible school included Mrs. Willis Bridegam, chairman, and Mrs. Frank Witmyer, Mrs. Donald Hawthorne and Stanley L. Emery.

## Slowe Scouts' Scrap Drive Is Postponed to Aug. 7

The monthly scrap drive of Boy Scout Slowe Troop 1, scheduled for today, has been canceled. Scoutmaster Paul W. Miller said last night.

The holiday weekend beginning today, and the troop's trip to Camp Delmont next Saturday caused the drive to be postponed until Saturday, Aug. 7.

When suddenly frightened or angered, a deer can cause serious damage with its front hoofs.

## Second Day Registration at Playgrounds Boosts Total to 527; Activities Under Way

Ninety-eight more boys and girls took advantage of yesterday's ideal weather to register at the Pottstown playgrounds.

The second day's group brought the total signed up for nine weeks of fun to 527.

Mrs. Florence Manthorne, director of playgrounds, pointed out that youngsters may register all summer, but that to participate in any Wednesday special event, they must be signed up at least one day before.

Programs at the playgrounds yesterday included the games, songs, stories and activities that marked the opening day, but there were some innovations.

A paddle-tennis game was in full swing at the Lincoln school area, and kick-ball games at the Jefferson and Rupert schools playgrounds.

Happy Hill playground youngsters started making invitations for Wednesday's hat show, while at the St. Clair school playground, the boys and girls began batting practice for the summer's round of softball games.

She formerly had attended Hungarian Reformed church, Stove, but during periods of ill health, she began attending St. James Lutheran church, which is close to 929 Walnut street, where she lived at the home of a son-in-law and daughter, Mr. and Mrs. Malcolm Shirey.

Mrs. Shinski had been employed in the office of Henry Pollock, scrap dealer.

Surviving are three daughters, Anna, wife of Malcolm Shirey; Margaret, wife of Joseph Axsmith, 214 South Franklin street; and Eleanor, wife of Stephen Kinasey, Long Beach, Calif., and a son, Michael Shinski, 823 Fairview street, Stove.

Also surviving are the following brothers and sisters, Bertha, wife of John Kunz, 172 South Washington street; Andrew Schirahman, of Burgesstown, near Pittsburgh, and Michael, in Czechoslovakia.

Funeral services will be held Monday afternoon at 2 o'clock from a funeral home at 404 High street. Officiating will be the Rev. James S. Horn, pastor of St. James Lutheran church.

The Rev. Kenneth R. Anderson, pastor of St. Peter's Lutheran church, Stove, officiated. Interment was made in Pottstown East End cemetery.

Explosion in Hospital Kills Woman Patient

UTICA, N.Y., July 2 (P)—A 33-year-old woman, undergoing an operation, was fatally injured today when an anesthetic exploded in an operating room of Utica Memorial hospital.

Mrs. Jennie Infusino died shortly after the blast occurred. Her surgeon and three nurses were injured.

Oneida County Coroner Gerald Jones said the cause of the blast was undetermined. He reported that all equipment in the room and the patient had been grounded as a precaution against static electric sparks.

Dr. Jones said injuries suffered in the explosion caused the woman's death. He planned to conduct a post-mortem examination.

TRUCK PRICES HIKED. DETROIT, July 2 (P)—An increase of from \$66 to \$149 in Dodge truck prices was disclosed today by Dodge Detroit area dealers.
